MRS. HARDEN IS SPEAKER AT G.O.P. DINNER

SIXTH DISTRICT CONGRESS WOMAN GIVES LINCOLN DAY ADDRESS

More than 225 Putnam County Republicans attended the Lincoln day dinner at the Old Trail Inn Tuesday evening when Mrs. Cecil Harden, representative in congress from the Sixth Indiana District spoke.

Prior to the speaking the big crowd was entertained with accordion music by Miss Patricia Henthorn of Fincastle, and then a songfest was enjoyed by the various table groups.

It was nearly nine o'clock when Mrs. William Boatright finally called the meeting to order. City and county officials, candidates and precinct committeemen and women were asked to stand and be recognized.

Mrs. R. R. Neal, County Vice Chairman, spoke briefly and welcomed the big throng to the annual Lincoln Day meeting. Chairman G. E. Ogles introduced a number of visiting dignitaries from adjoining counties, the Boys' School and the Indiana State Farm.

In her brief talk Mrs. Harden mentioned the postmaster situation here and elsewhere and said this is being changed as rapidly as possible. It has been known that two inspectors of the department have spent more than a week in Greencastle making a routine and special investigation of local services.

In commenting on a national scale, Mrs. Harden made these points:

"The year 1953 was the most prosperous year in the history of the United States. Even if the most pessimistic economists are right and our economy 'falls off' by 5 percent during 1954, this year will still be the second most prosperous year in our history, second only to 1953.

"The second-best year in history could not properly be termed a 'depression year.' Yet that is what our opposition is seeking to do at this time.

"Actually, I think they are afraid. They have devoted the last 25 years to selling the theory that Republicans start depressions and it is a blow to them to see that illusion destroyed. We haven't started any depression and we aren't going to allow one.

"On the contrary, we have done some very fine things for our national economy. We have stabilized the American dollar. We have reduced Federal spending by nearly 14 billion dollars and we will reduce it by another 10 billions this year. We are close to a balanced budget. In fact, the Federal cash budget may be balanced this year.

"We have cut taxes and we will cut more.

"We have, in short, maintained our pledge to stabilize the American economy. And we have done it, don't forget, without killing American men on the battlefields of Korea. We are proving it is possible to have prosperity without war.

"I sometimes think we are too backward in taking credit for the good things we have done since January 20, 1953. We should be out—each and every one of us—selling the Administration's accomplishments every single day.

"We should be doing some bragging about what we have accomplished.

Since President Eisenhower took office only 13 months ago, the Korean war has been ended, taxes have been reduced, the Federal payroll has been cut by 200,000 jobs, spending is down 14 billion dollars and last, but not least, we have restored the faith of Americans in the integrity of our public officials.

"We have an administration in (Continued on Page Two)

20 Years Ago HERE AND THERE

Roy White underwent a tonsil operation at the county hospital. Miss Gertrude Oakley was confined to her home by illness.

Mr. and Mrs. Cleve Thomas were spending the weekend in Louisville, Ky.

Miss Lela Walls was hostess to the Woman's Club.

DEPAUW SPEAKER

Dr. George T. Carl

An authority on the subject of Abraham Lincoln, Dr. George T. Carl, will reveal some little-known facts about the Civil War president at a DePauw University convocation here Feb. 12.

His address at the regular Friday chapel will begin at 10 a. m. in Meharry Hall.

Dr. Carl, pastor of the Methodist Church in Park Ridge, Ill., since 1944 and an ex-college professor and high school athletic director, has devoted his spare time to studies of Lincoln and of the American poet Edwin Markham.

He has authored two books, "Lincoln, Man of Destiny" and "Lincoln, the President"—and is a frequent lecturer on Lincoln lore.

Geo. McMurtrey Called By Death

George McMurtrey, age 83 years, died at the Putnam County hospital Tuesday evening at 9:30 following an illness of one year.

Mr. McMurtrey was born April 9, 1870 in Putnam county, the son of Joseph and Nancy Howard McMurtrey and had spent his entire life in Putnam county near Russellville. He was married to Nannie Averett, and was a member of the K. of P. lodge in Russellville.

Survivors are four daughters, Mrs. Thelma Wood of Russellville, Mrs. Judith McDonald of Louisville, Ky., Mrs. Helen Mason, Putnam County Recorder, of Greencastle, and Mrs. Gwendolyn Neuman, of Indianapolis; two sons, Ralph of Fort Wayne and Jesse of Roachdale, R. R., nineteen grandchildren and nine great grandchildren, one brother, Harve, of Elko, Nevada, and one sister, Mrs. Eva Edwards of Indianapolis.

Funeral services will be held Friday afternoon at 2 o'clock from the Community church in Fincastle. Rev. Dennis Norman, pastor of the Russellville Christian church will be in charge. Interment will be in the Blakesburg cemetery.

Friends may call at the Chastain Funeral Home in Roachdale.

Three Appeared In City Court

Paul Hamm, 64, was arrested Tuesday afternoon on South Indiana street by city police on a contempt of court charge. Officers said Hamm had failed to pay a fine assessed against him in city court and which had been due for about thirty days.

The police also reported that Earl Phillips, 19, Cloverdale Route Two, was arrested Tuesday on South Indiana street for failure to have an operator's license.

Ted Batchelor, 26, Brazil, showed up at the Putnam county jail Tuesday evening to await a court appearance on a disorderly conduct charge filed against him in this city last Saturday night.

Hamm was fined \$5 and costs when he appeared before Mayor Evan Crawley in city court Wednesday. He was also sent to the penal farm for ten days.

Batchelor was fined \$10 and costs by the Mayor and also sentenced to serve ten days on the state farm.

Phillips' case was continued until next Monday, Feb. 15.

CUBS DEFEAT BRAZIL'S RED DEVILS, 60-44

INDIANS ALSO WIN TILT FROM STILESVILLE TUESDAY NIGHT

Dorwin Duncan and Bob Collins, veteran guards, and reserve player R. J. Westfall led the Tiger Cubs to victory over the Brazil Red Devils Tuesday night in the Greencastle gym by a score of 60 to 44.

An unusual feature of the tilt was the fact that Duncan and Collins made 19 of Greencastle's 26 points in the first half. Joe Gorman contributed the other point on a free toss.

The Cubs started rather slowly and the visiting Red Devils held a 10 to 6 edge at the end of the opening quarter. Brazil was also ahead at the rest intermission, 21-20.

However, in the third frame Coach Tom Goldsberry's netters began to roll and forged into the lead, 40 to 36. They added 20 more points in the final period while holding Brazil to eight and it was another win for the Cubs, 60 to 44.

Duncan's left hand shot was working well and he hit 8 buckets from the floor and dropped in three foul attempts for a total of 19 points. Collings agitated the draperies for 4 baskets and made seven out of eight chances from the charity stripe for 15 points. Westfall, playing in place of Jimmy Cowger, collected 14 points for the local cause. Gorman hit for seven and Jim Braden got five to complete the Greencastle scoring.

John Anderson was outstanding for the losers as he paced the Red Devils with a total of 20 points.

The count was tied seven times in the third quarter—at 21-21; 23-23; 28-28; 30-30; 32-32; 34-34 and 36-36.

The Cub B team experienced little difficulty in defeating the Brazil B squad, 52 to 40, in the curtain raiser to make it an all-Greencastle evening.

Although the weather was nice only a slim crowd was present in the gym for the clash between these traditional high school rivals. Even the Brazil coach, Babe Wheeler, did not get as excited as usual.

The Cubs play at home again Friday with Rockville furnishing the opposition. This will be the last game on the local hardwood court before sectional tourney time as Greencastle travels to Broad Ripple on Feb. 19 to conclude the regular season.

Reelsville Wins

Reelsville turned back a visiting Stilesville team, 64 to 52, in an interesting high school basketball encounter Tuesday evening.

The Washington Township Indians started slowly and were behind 10 to 8 at the end of the first quarter. Reelsville began to click in the second stanza and forged ahead, 28 to 21 at halftime. The Indians were also out in front, 49-38, as the third period ended.

Reelsville now has a 15-3 record with two games remaining to be played next week.

In the preliminary, the Reelsville B team won from Stilesville, 43 to 30.

LOOKING STRAIGHT UP 1000 FEET

This is a straight up view of the new 1,000-foot tower of Bloomington's television station WTTV located a short distance southeast of Cloverdale. It is the tallest structure in Indiana being three times taller than the Soldiers and Sailors Monument in Indianapolis and 16 feet taller than the famous Eiffel Tower in Paris, France. When this TV giant begins operation and the station's output is increased to 100,000 watts telecasting on channel four local set owners will be able to pick up the station with indoor antennas. The antenna is at the side before it was raised.

BIDS OPENED FOR NEW SCHOOL IN THIS CITY

MORE THAN A SCORE OF FIRMS SUBMITTED BIDS ON TUESDAY

Bids submitted on the proposed first ward school building in Greencastle were opened at four o'clock Tuesday afternoon at the office of Supt. Johnson, and more than a score of bidders submitted proposals. It is believed the best bids will be well under the estimate of the architect. The bids are being scrutinized and the lowest figures will not be available until the architect has had time to go over them thoroughly. Several alternate proposals were included and in each case these alternates changed the base bid.

The following proposals were submitted on the general contract:

- Montgomery & Doyle, Vincennes, \$215,749.
- Williams, Beck & Hess, Crawfordsville, \$230,400.
- John, Drake & Poper, Minneapolis, \$223,322.

TODAY'S BIBLE THOUGHT

It is not for you to know the times or the seasons.—Acts 1:7.

—Humanity usually guesses wrong. The significant event of any year is quite apt to be ignored at the time, then in later times it is discovered that not the crowning of a king, nor a military victory but the birth of a baby in a distant obscure province, born in a stable maybe was the world-shaking event of the year.

Washington today that is determined not only to rid the federal payroll of subversive elements but determined, too, not to hire any such people in the first place.

"I submit to you that this is a real change and a real accomplishment. I submit that President Eisenhower and the Republican Congress have lived up to the responsibilities we gained in the November, 1952, election."

Happy Is The Day When Backache Goes Away . . .

Nagging backache, loss of pep and energy, headaches and dizziness may be due to slow-down of kidney function. Doctors say good kidney function is very important to good health. When some everyday condition, such as stress and strain, causes this important function to slow down, many folks suffer nagging backache—feel miserable. Minor bladder irritations due to cold or wrong diet may cause getting up nights or frequent passages. Don't neglect your kidneys if these conditions bother you. Try Doan's Pills—a mild diuretic. Used successfully by millions for over 50 years. It's amazing how many times Doan's give happy relief from these discomforts—help the 15 miles of kidney tubes and filters flush out waste. Get Doan's Pills today!

Curtis and daughter, Carla Sue, were Wednesday afternoon callers. Mrs. Beck took supper with the Curtis.
Prayer meeting was well attended Friday night at Floyd Curtis.

Almost all grass and legume seeds used by Indiana farmers are lower priced than a year ago. Purdue University agronomists say alfalfa should be used extensively in grass-legume mixtures where soil conditions are favorable to its growth. Ladino is also a favorable priced and may be used in mixtures or as the main legume in poultry or hog pasture.

You should start early cabbage, cauliflower, broccoli and head lettuce plants in the hotbed during February, advise Purdue University horticulturists.

FARMING COMMENTS

By K. W. Harris

This week we are dedicating our entire "Farm Page" column to 4-H Club activities. It is true that National 4-H Club Enrollment Week (March 6-14) is a month away, but our planning for the 1954 4-H Club year must come well in advance of this enrollment week in order to take full advantage of national publicity and interest in this important week.

In order that everyone may have the opportunity to know the dates of the many 4-H activities during the coming months and prospective 4-H Club members may have a list of important dates to them, we are inserting a tentative calendar of dates for the coming year. A few of these dates may be subject to change but most of them will be set and accurate and we would like to suggest that every prospective 4-H Club member clip this list from your Daily Banner and put it with their 4-H record book.

Local 4-H Club leaders will meet tonight (February 10) to receive materials and instructions in connection with the spring enrollment. They will be assisted in this enrollment work by Junior 4-H leaders who will circulate and collect enrollment cards during National Enrollment Week, March 6-14.

In the livestock projects there is indeed reason for some confusion as to when to enroll. Boys and girls with beef heifers or steers, dairy heifers, (excepting senior calves) sows with litters, sheep flocks and poultry flocks must have already enrolled prior to January 15 to be eligible to show at the Indiana State Fair if they care to do so. This is a special enrollment and does not effect our county program as any member can enroll in any project and show at our county fair before the May 30 deadline as listed in the calendar.

We have the largest State Fair enrollment in recent years, with 35 members enrolling 49 steers and 35 heifers in the beef project. In dairy 15 members have enrolled 39 heifers. Twenty-three members have enrolled in sheep flock and 43 in the sow and litter project.

Names of those enrolled include:

Beef Cattle
Larry Grimes, Norman Sutherland, Byron Gough, Shirley Perry, Larry Clodfelter, Gerald Rusk, Beverly Perry, Tom McCabe, Kermit Hartman, Carlene Harbison, David Lane, Teddy Britton, David Webb, Gerald Beck, Mike Risk, Gerald Froese, Gene Beck, Ronnie Pitcock, Don Kelly, Gary Kersey, Sharon Sinclair, Ronnie Toney, Bernard Harris Presser Brothers, Charles Cooper, Bernard and Doretta Harris, James Howard, Bowen Akers, Sue Howard, Stephen Akers, Loren Salsman, Danny Hutcheson, Dallas Sutherland, Larry Salsman, Donald Harney.

HIGH ANALYSIS

FERTILIZER IS BEST BUY
Buy high analysis fertilizer, and you'll get the most plant food for your dollar. That's good advice from O. W. Ford, member of the state chemist's staff at Purdue University.

He says savings are possible, especially on raw material fertilizers such as nitrogen, phosphate and potash carriers.

Of the nitrogen carriers, anhydrous ammonia furnishes actual nitrogen at the lowest cost—Ford figures it at about 10 cents per pound. Nitrogen from nitrate of soda is the most expensive at about 25 cents per pound. Cost of nitrogen from ammonium sulfate nitrate, ammonium sulfate and cyanamid fall within his range of 10 to 20 cents per pound.

Concentrated superphosphate—45-48 percent phosphoric acid—is the best soluble phosphate buy. Retail cost of a pound of available phosphate is about seven and one-half cents compared to about 10 cents per pound for phosphoric acid from 20 percent superphosphate.

Of the potash sources, muriate of potash is usually cheaper than sulfate or nitrate of potash. Cost ranges from four and one-half to seven and one-half cents per pound of available potash.

High analysis mixed fertilizers, especially those with high nitrogen content, also fall into the "good buy" category. More and more farmers have come to regard ratios such as 5-20-20, 15-15-15, and 0-24-24 as money savers, because handling and freight costs per pound of plant food are less than for low analysis fertilizers.

Before buying this year's supply of fertilizer, Ford advises farmers to get their soil tested. He adds that a visit with the county agent will be helpful in determining amount and analysis to be applied to the soil for specific crops.

Dairymen who have a lot of dehorning to do will find the job easier when a calf is 10 to 14 days old. An electric dehorning iron is swift and easy to employ, remind Purdue University dairymen.

THE THREE MONKEYS
Three monkeys once dining at a coconut tree, Were discussing some things they had heard true to be. "What do you think? Now listen you two, Here, monkeys, is something that cannot be true. That humans descended from our pure race. Why, it's simply shocking—a terrible disgrace.

"Who ever heard of a monkey deserting his wife? Leave a baby to starve and ruin its life? And have you ever known of a mother monk To leave her darling, with strangers to bunk? Their babies are handled from one to another And scarce ever know the love of a mother.

"And I've never known a monkey so selfish to be As to build a big fence around a coconut tree So other monkeys can't get a wee taste, But would let all the coconuts there go to waste. Why, if I'd put a fence around this coconut tree, Starvation would force you to steal from me.

"And here is another thing a monkey won't do: Seek a bootlegger's shanty and get on a stew, Carouse and get on a whoopee, disgracing his life. Then reel madly home and beat up his wife. They call this all pleasure and make a big fuss— They've descended from something, but not from us!"

O. E. S. NOTICE
Stated meeting of Bainbridge chapter No. 440 O. E. S. Monday night Feb. 15th at 7:30. Members are reminded to bring clothing to send abroad. There will be election of officers and a good attendance is desired.

WORK NIGHT THURSDAY

The monthly Work-night will be held on Thursday evening at Gobin church. An unusual feature of the occasion will be the presence of 25 university students who will work along with an equal number of townspeople. The students requested the invitation in order to get better acquainted with the members of the church. Work to be done will include the repair of hymnals, the washing of walls, cleaning light globes and painting. Refreshments will be served at 9:30 p. m. Members of Gobin church are cordially invited to be present for the evening's work and fellowship.

All Birdfoot Trefoil seed should be inoculated with a good commercial culture, say Purdue University agricultural chemists. Many trefoil failures can be traced to lack of proper inoculation. Inoculants are rigidly inspected and tested by the State Chemist.

BIG SAVINGS 2 WAYS

1. Save \$200 to \$500 over other diesel tractors in its power class 2. Save in fuel costs over 3-4 plow gasoline tractors

New FORDSON MAJOR DIESEL

If you are looking for lower cost, more dependable tractor power, you'll want to see and try the new Fordson Major Diesel Tractor.

See how quickly it starts on diesel fuel. Hitch it to a tough pull and notice how it "hangs right in there"—real lugging power! Try its light steering and smooth, positive brakes. Tough the hydraulic control lever and notice how easily you can raise, lower and control equipment. Check the features that count for long life and easy servicing.

Add them all up and you will probably agree — here's today's best buy in the 3-4 plow tractor class! So come in soon.

IN MEMORY

In loving memory of my husband, John Robert Williams, who passed away four years ago, Feb. 10, 1954.

Four years have passed, since that sad day, When the one we loved was called away. God took him home, it was his will But in our hearts he will always live. Forgive us Lord for asking why, But oh, why did he have to die. The blow was hard, the shock severe, God alone knows how we miss him here. Sadly missed by wife, Lulu Alice Williams. 1p

CARD OF THANKS

I wish to express my sincere thanks for all the cards and flowers I received while in the hospital, also I wish to thank the nurses, nurse-aids, Dr. Nichols and every one who helped me in any way.

Coming up!
THE 200-hp CENTURY! (horsepower)
SENSATION IN POWER AND PRICE

It's a record-breaker in more ways than one—this spectacular CENTURY.

It's a record-breaker in power-to-weight ratio—with the greatest power-per-pound figure in all Buick history.

It's a record-breaker in horsepower-per-dollar—brings you more power than you get in any other car in America at the price.

And what this phenomenal CENTURY can deliver in thrilling and safer road command is a deep satisfaction.

It's there, this CENTURY power, to give you brilliant performance at a modest price...

To give you getaway with immediate response—cruising and hill-

climbing with unbelievable ease—and enormous emergency reserve power instantly at hand when you need it.

Why not drop in this week to see, sample and price the tomorrow-styled Buick CENTURY? We believe you will find it the power and price sensation of today's automotive world.

LOOKING...

...AT LIFE

By Erich Brandeis

Our mailbox is about a thousand feet away from the house. I have tried my damndest to get permission from the Post Office Department to have a box put directly in front of the house, but no dice.

They have proven to me by rule and statute that it can't be done, and so, rain or shine, I have to go down and get my mail. But ever since I slipped on the ice a couple of weeks ago I have been confined to the house. The weather has been so bad that my wife could not even get down with the car, that's how slippery our road was.

But Clinton Smith, our rural mail carrier, heard about my accident; so every morning since then he has gone 2,000 feet out of his way to bring my mail to me.

I have tried to pay him for the extra trip. I have offered him cigars and cigarettes. He wouldn't take anything.

"What kind of a guy would I be," he said, "if I couldn't do that much for a neighbor?"

One day the weather was particularly nauseating. The fog was so thick you couldn't see five feet ahead of you. It had thawed during the night and then it got cold again, so the roads were like skating rinks.

But Clinton Smith came just the same with the mail and a big smile, as usual, on his face.

When I told him how much I appreciated his help, he just said "Well one third of the winter is gone."

And then he said something else which sort of gave me a warm glow all over.

"The fellows I feel sorry for," he said, "are the ones that have to run the trains in weather like this."

"Take a foggy day like this. These men have to keep up their schedule as best they can. At every intersection they have to whistle, and while there are markers at every crossing, it is impossible for them to see the markers in fog like this."

"But if there is an accident they get blamed for it. They either get fired or fined. I certainly wouldn't want to be a rail road engineer."

So there you are. Here I was thinking what a tough job Clinton Smith has. I wouldn't want to be a mail carrier for anything. I said to myself.

But Clinton Smith didn't think anything of the toughness of his job. He was sympathizing with the railroad engineers. And I wonder with whom the railroad engineers are sympathizing as they speed along at 50 or 60 miles an hour through fog and snow and rain.

I wonder whom the airplane pilots are pitying as they fly

through thunderstorms and cloud-bursts at 300 miles an hour. I wonder of whom the ship captains are thinking as their ships buck 50-mile gales and brave the perils of the ocean, while they are responsible for hundreds of passengers.

Almost any job has its drawbacks and its burdens. Unfortunately, so many people seem to think that theirs is the toughest of all jobs. The teacher thinks he is underpaid. The minister often feels that he gets no response from his congregation. The doctor, when a patient dies, wants to throw up his whole profession. The hausfrau curses her futile existence when a cake won't rise.

But responsibility isn't everything. Think of yourself in terms of the other fellow whose lot may be much harder than yours.

It is the sum total of the jobs of all of us that make up the world. And it would be a happier and friendlier world in which to live if we all thought a little more of the other fellow and not so much of ourselves.

NOTICE TO TAXPAYERS OF
ADDITIONAL APPRO-
PRIATIONS

Notice is hereby given to the taxpayers of Russellville, Putnam County, Indiana, that the proper legal officers of said municipality at their regular meeting place at 7:30 o'clock P. M. on the 1st day of March, 1954, will consider the following additional appropriations which said officers consider necessary to meet the extraordinary emergency existing at this time.

Read The Daily Banner

Necessary expense legal and otherwise needed in the defense of the law suit now pending against the Town of Russellville, Indiana, filed by Mary King, and for any settlement if, and when, the same might be considered necessary.

Taxpayers appearing at such meeting shall have a right to be heard thereon. The additional appropriation as finally made will be automatically referred to the State Board of Tax Commissioners, which Commission will hold a further hearing within fifteen days of the County Auditor's office of Putnam County, Indiana, or at such other place as may be designated. At such hearing taxpayers objecting to any of such additional appropriations may be heard and interested taxpayers may inquire of the County Auditor when and where such hearing will be held.

Of The Penalty Double

In no other part of the game is

partnership co-operation more

important than in the field of the penalty double. I predict a steady dwindling bank account for those who never double for penalties unless they have the opposing bid set three or four tricks in their own hands.

North dealer

Neither side vulnerable

The bidding:

North East South West

1 H Pass 1 S 2 D

Dbl. All Pass

The winning player doubles

much closer than that. In fact, in

certain favorable situations he

practically doubles on suspicion.

Such a situation would be where

he is not vulnerable, the opponents

are, and the doubled bid, if

made, would not score a game.

The double of two clubs or two

diamonds, for example.

The point is that the partner

of the doubler is obligated to

take the double off, if his hand

is not suited to defensive play.

Two good reasons for refusing

to stand your partner's double

are length in the suit your partner

has bid and shortage in the

suit bid by the opponent.

CORRECT CALL

In today's deal Mr. Abel opened

the bidding with one heart. Mr.

New responded with one spade.

That was the correct call, because

the South hand is too strong for

a single heart raise and not

strong enough for a double raise.

Mr. New probably planned to bid

spades on the first round and

raise hearts on the second, thus

telling partner that his hand was

good enough for two bids.

But his decision to pass two

diamonds, doubled, was disas-

trous. Surely it stands out that

his hand was worth more for

playing hearts than it was for

defending against a diamond

contract.

Probably Mr. New rather fan-

cied his lone diamond, figuring

that the fewer diamonds he held

the more Mr. Abel had. It usually

works out that the fewer trump

you have, the more likely it is

that dummy will come up with a

nice trump holding.

ICE COLD HEARTS

Against the two diamond con-

tract Mr. Abel led his single-ton spade and Mr. Dale won with the ace over Mr. New's king. A small diamond was led and Mr. Abel went in with the king. He made a desperate return of a small heart and Mr. New won with the queen and led back a spade.

Mr. Dale ducked and Mr. Abel ruffed. He got one more trump trick and the ace of clubs later, but that was all. The defenders won only three diamonds, a heart and a club.

The trouble was they shouldn't have been defending. They should have been playing four hearts, which was ice-cold.
